

AS VERSATILE AS THE HUMAN BODY.

Every aspect of our fitness equipment is made to mirror human movement — fluid, natural, and familiar. Intuitive engineering and thoughtful design offer an invigorating workout that helps users keep moving. Arising from our heritage of providing quality fitness solutions that work, Precor fitness equipment keeps your users satisfied no matter what their goal. Precor inspires a life in motion.

Easy to use. Precor products are designed for ease-of-use, with intuitive displays that help users get on and get going.

Basic commercial cycle offers durability. The 842i cycle offers a streamlined display and a smooth, natural feel.

Committed to excellence. For 25 years Precor has been a leader in the fitness industry, delivering breakthrough innovations and premium quality products for the home and club.

CYCLE

COMMERCIAL/

1/ Belt-drive system

A double step-up drive gives users a smooth, quiet exercise experience. A Poly-V belt is used instead of a chain, for less maintenance and a quiet ride.

2/ 3-piece crank

The 3-piece crank tightens positively, reducing the need for periodic adjustments. The 9/16" crank arm accepts any standard road or mountain bike pedal.

3/ Fully integrated entertainment options

Fully integrated Cardio Theater® design, with personal viewing screens or ambient viewing, enhances the member experience by offering a more seamless, premium look to your cardio area.

4/ Direct access to six programs

Six buttons are the gateway to six preset programs, including one fitness test. Users can select or change to a new program at any time during their workout.

5/ Streamlined display is easy to use

Durable dome switches, combined with a positive tactile response, confirm user input without the need for auditory or visual confirmation.
